Clitheroe Dolphins
& District Amateur Swim Club
Est. 1973

Who are Clitheroe Dolphins?

Clitheroe Dolphins were founded in 1973 following the construction of the Ribblesdale swimming pool in 1972. This long-established club has been a part of community life for decades and throughout this time the club has seen thousands of swimmers develop from learners to keen and dedicated competitors, with many going on to compete at British Championship Levels.

Our swimmers regularly compete across the North West representing the club, the county and the region. The club continues to grow with both swimmers and coaches striving to be the very best.

As an ASA Swim21 registered club, Clitheroe Dolphins provide a safe and encouraging environment for our swimmers to develop. All coaches are qualified and all volunteers are DBS checked meaning that we can offer not only top quality coaching, but also a safe environment in which the youngsters of the Ribble Valley can pursue their aquatic ambitions.

Why Sponsor Clitheroe Dolphins?

Clitheroe Dolphins are looking for local businesses and individuals to sponsor the club. In doing so we offer the opportunity to promote your company, products, and services through our website, club merchandise, literature and promotional material, and at our training venues. We believe that if you wish to provide Dolphins with valuable funding we can offer the following benefits:

- Promotion of your business, products and services to a vast target audience, through our website, newspaper articles, and promotional material.
- Increase of your company profile throughout the north west and nationwide through our appearances at competitive swim meets.
- The chance to generate new business by advertising at the Ribblesdale Pool.
- Networking opportunities with our existing sponsors.
- Positive publicity by supporting a community club that is dedicated to giving the youngsters of the Ribble Valley opportunities to develop themselves as athletes and people.
